

City Council Place 1, Johnny Shotwell

I have lived in the Crowley area since 1974, and I have served the City of Crowley as Council Member Place 1 for 18 years.

I retired from a software company, and I previously managed distribution centers for Rubbermaid and Navistar formerly International Truck and Engine.

I have seen Crowley grow from 3,500 to over 18,000 residents. It has been an honor to serve the residents of Crowley. Our fire department and police department continue to grow and are second to none when serving the residents of Crowley.
