No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

1.	2019 total taxable value. Enter the amount of 2019 taxable value on the 2019 tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (will deduct taxes in Line 17). ¹	\$1,181,474,779
2.	2019 tax ceilings. Counties, Cities and Junior College Districts. Enter 2019 total taxable value of homesteads with tax ceilings. Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

1. **Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

2020 Notice of Tax Rates in City of Crowley

Property Tax Rates in City of Crowley. This notice concerns the 2020 property tax rates for the City of Crowley. This notice provides information about two tax rates. The no-new-revenue tax rate would impose the same amount of taxes as last year if you compare properties taxed in both years. The voter-approval rate is the highest tax rate a taxing unit can adopt without holding an election. In each case, these rates are calculated by dividing the total amount of taxes by the current taxable value with adjustments as required by state law. The rates are given by \$100 of property value.

This year's no-new-revenue tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 6,991,227
This year's adjusted tax base (after subtracting value of new property)	\$ 1,040,057,500
=This year's no-new-revenue tax rate	0.672196/\$100
+This year's adjustments to the no-new-revenue tax rate	\$0.00/\$100
=This year's adjusted no-new-revenue tax rate	0.672196/\$100

This is the maximum rate the taxing unit can propose unless it publishes a notice and holds a hearing.

This year's voter-approval rate:

Last year's adjusted operating taxes (after adjusting as required by law)	\$ 4,939,427
This year's adjusted taxable value (after subtracting value of new property)	\$ 1,040,057,500
=This year's voter-approval operating tax rate	0.474918/\$100
x (1.035 or 1.08, as applicable) = this year's maximum operating rate	0.512911/\$100
+This year's debt rate	0.186896/\$100
+The unused increment rate, if applicable	0.000000/\$100
=This year's total voter-approval tax rate	0.699807/\$100

This is the maximum rate the taxing unit can adopt without an election for voter approval.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

A tax rate of \$0.699806 per \$100 valuation has been proposed by the governing body of City of Crowley.

PROPOSED TAX RATE	\$0.699806 per \$100
NO-NEW-REVENUE TAX RATE	\$0.672196 per \$100
VOTER-APPROVAL TAX RATE	\$0.699807 per \$100

The no-new-revenue tax rate is the tax rate for the 2020 tax year that will raise the same amount of property tax revenue for City of Crowley from the same properties in both the 2019 tax year and the 2020 tax year.

The voter-approval rate is the highest tax rate that City of Crowley may adopt without holding an election to seek voter approval of the rate.

The proposed tax rate is greater than the no-new-revenue tax rate. This means that City of Crowley is proposing to increase property taxes for the 2020 tax year.

A PUBLIC HEARING ON THE PROPOSED TAX RATE WILL BE HELD ON August 20, 2020 at 7:00 PM at 201 E. Main Street Crowley, TX 76036.

The proposed tax rate is not greater than the voter-approval tax rate. As a result, City of Crowley is not required to hold an election at which voters may accept or reject the proposed tax rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the City Council of City of Crowley at their offices or by attending the public hearing mentioned above.

YOUR TAXES OWED UNDER ANY OF THE TAX RATES MENTIONED ABOVE CAN BE CALCULATED AS FOLLOWS:

$$\text{Property tax amount} = (\text{tax rate}) \times (\text{taxable value of your property}) / 100$$

(List names of all members of the governing body below, showing how each voted on the proposal to consider the tax increase or, if one or more were absent, indicating absences.)
