

Crowley Police Department

2021

Year End Use of Force Report

This report summarizes the uses of force by the officers of the Crowley Police Department for the 2021 calendar year.

Preface

This analysis was conducted for the purpose of reviewing the Crowley Police Department's Use of Force for calendar year 2021. The Crowley Police Department takes its obligations seriously to provide the most effective and efficient police service with the least adverse impact on our citizens. The Crowley Police Department is committed to protecting the rights of all persons and in using force only when necessary, and to the extent necessary, to achieve legal objectives. This analysis is conducted each year to comply with Texas Law Enforcement Best Practice 6.10 and to attempt to identify methods for reducing the number of incidents and the inherent risks involved.

Members are trained by the department to use only the level of force objectively reasonable in carrying out their lawful objectives.

Use of Force Reporting Policy

Per Crowley Police Department Chapter 6.1 Use of Force Policy, a detailed offense or information report will be completed, along with the Use of Force Supplement Report Form anytime a member uses the following force:

1. Any empty hand control techniques that are used with or without complaint of injury or pain. Examples of empty hand control techniques may include:
 - i. Hand/Palm/Elbow Strikes
 - ii. Kicks or Leg Sweeps
 - iii. Pressure Points
 - iv. Take Downs
2. Any deployment of Oleoresin Capsicum (OC Spray) or other chemical agent, including Pepperball projectiles, on a person(s).
3. Any CEW (Taser) probe deployment or drive-stun application, regardless if contact is made.
4. The use of any impact weapon or impact munitions on a person, regardless if contact is made.
5. Any intentional firearm discharge at a person, vehicle, animal, or structure regardless of injury.
6. Any unintentional firearms discharge.
7. Any other type of force that result in injury, serious bodily injury, or death.

Each individual member using force is required to complete a use of force report. Each member will complete an accurate and detailed report documenting the reason for police contact, description of circumstances and subject actions that resulted in the use of force, and the result of the force used. All involved members on scene at the time force was used are required to complete supplemental narratives detailing their role, subject actions they observed, or any other pertinent details surrounding the incident.

Use of Force Review Process

Each individual Use of Force Report is reviewed by the member's direct supervisor, and through the chain of command to the Chief of Police. The Use of Force is reviewed to ensure the use is objectively reasonable and within the guidelines of department policy and law. If it is determined that the force used is not objectively reasonable, a departmental investigation is required and the member may receive additional training or in some cases discipline up to, and including termination. This analysis is not intended to determine if a member has acted inappropriately, but to identify department wide trends that may suggest changes in policy, training, equipment or supervision.

The data collected from this report was generated manually from the paper Use of Force Supplement Report Form currently used by the Crowley Police Department. The original copies of the Use of Force Report are submitted to the Senior Administrative Assistant and are scanned into the department Administrative "T" Drive. The originals are submitted to the Records Clerk for filing and retention.

Use of Force Comparison 2020/2021

During the course of the 2021 calendar year, the Department had fifteen (15) incidents where Crowley Police Officers had to overcome resistance to commands, affect an arrest/compliance, or halt destructive or assaultive behavior. These uses of force were broken down from a total of fifteen (15) separate incidents. Each of the fifteen (15) incidents had one subject involved. Each of these incidents were unique in which a total of twenty-seven (27) use of force reports were completed by personnel in relation to their involvement in each of the above incidents.

Members used soft weaponless control (muscling, joint locks, pressure points) in six (6) of the incidents to gain compliance. Members pointed a duty weapon nine (9) times to gain compliance.

The Use of Force incidents are listed below by type with comparison to the previous year:

Type of Force Used	2020	2021	Difference
Physical Control	6	6	0
Chemical Irritants	0	0	0
Impact Weapon	0	0	0
Electronic Control Device	4	0	-4
Pointed Firearm at Person	4	9	+5
Deadly Force	0	0	0
Total	14	15	+1

Demographic Statistics

- Uses of force involved a total of sixteen (16) different officers.
- Force was used against fifteen (15) individuals; 14 males and one female.
- The racial make-up of those fifteen individuals is; five (5) white, three (3) black, and four (4) Hispanic.
- The average age of offender was 38.
- Force used against one (1) juvenile (16 years of age)

Injuries

Two (2) subjects sustained or complained of injuries as a result of the force used. Both subjects sustained minor abrasions as a result of empty-hand control. Both subjects refused treatment.

No officers were injured during this reporting period.

Times of Occurrence

- Use of force incidents occurred five (5) times between 6am and 6pm.
- Use of force incidents occurred ten (10) times between 6pm and 6am.

Time frames coincide with the current 12-hour patrol shift schedule.

Citizen and Supervisory Complaints Regarding Use of Force

In 2021, there was one (1) reported complaint generated by a citizen in regards to the use of force by an officer. That complaint was not sustained.

There were no internal or supervisory complaints regarding use of force during the 2021 calendar year.

Training

The department requires that sworn members receive training in the Use of Force Policy bi-annually. Training is given on-line to review current policy and in-person during annual less lethal weapon certifications.

Non-sworn civilians and telecommunicators are required to receive training in the Use of Force Policy annually.

All training regarding the use of force is documented by the department.

Summary and Recommendations

Based on the findings during the 2021 analysis, we are currently satisfied that officers of the Crowley Police Department are within the policies of procedures established by the department.

Policy Enhancements

The Use of Force Policy was updated on 6-9-21 to amend verbiage to the subsection regarding prohibited tactics.

The Use of Policy is reviewed annually, in June, and as needed throughout the year.
